A WONDERFUL BABY. - The greatest wonder in Kentucky just now arrived in the city from Glasgow, Kentucky, and will be on exhibition here in a few days. It came in the shape of a three-year-old boy baby, which weighs 126 pounds, measures 37 inches around the chest, 40 inches around the waist, about 56 inches around the hips, 26 inches around the thigh, and is 40 inches in height. Mr. S. H. Chambers, a man of medium size and about forty five years of age, is the father. The mother is rather small. The child when born was of ordinary size, and was six months old before he began to develop into such enormous proportions. He is a pretty boy, of a lively dispositiou, and very intelligent. He is very stout, has a good appetite, talks plainly, and sleeps soundly .- Louisville Courier Journal, 25th.

POSTOFFICE STATISTICS. - The following statistics may be interesting: lo the decade from 1864 to 1874 the number of letters transmitted by the United States mails has increased from 335,000,000 in 1864 to 900,000,000 in 1874-a greater increase than has ever taken place in any country during the same leugth of time. In the first five years of the decade the rate of increase was 50 per cent., and for the last five years it was 80 per cent. The cost of handling 502,000,000 letters in 1864 was \$23 -698,000, and the cost of 900,000,00 for the year ending June 30, 1874, was about \$34,000,000. This shows that an increase of 80 per cent., in the amount of business has increased the expenditures of the Department 44 per cent. In 1868 the annual deficit was \$6.437,000; in 1873 it was \$6,180,000.
